CENTER FOR AFGHANISTAN STUDIES
International Studies and Programs
The University of Nebraska at Omaha
Omaha, Nebraska 68182-0006 402/554-2376

DATE

NAME
ADDRESS

DEAR NAME,

As you know, the United States Congress has unanimously passed a legislative bill authorizing humanitarian assistance for Afghans inside Afghanistan in the areas of medicine, commodities, food and education. The University of Nebraska at Omaha (UNO) has been awarded the education sector grant. UNO's Center for Afghanistan Studies already has a Team in Peshawar providing technical and financial assistance to the Education Center for Afghanistan in Peshawar, which, in a way, serves as the Ministry of Education in exile. The objective of the Education Center for Afghanistan is to establish about 2,000 elementary schools during the next three years in the liberated areas of Afghanistan and to equip these schools with textbooks and other teaching materials, as well as provide the teachers. The Education Center for Afghanistan will also provide literacy courses for the Mujahideen.

This, and the other projects in agriculture, health, and commodities, all require dedicated, qualified Afghans in practically every field. I am pleased to state that the Afghans working in the project are paid an American-scale salary, with the same benefits and privileges. Currently, working for the Center for Afghanistan Studies, either in the Education Sector Project or in related areas, are Ehsan Entezar, Esmael Burhan, and Moqim Rahmanzai.

US AID in Islamabad has asked us to prepare a directory of those Afghans residing in the United States and Europe whose services might be utilized.

Understand that I am not able to make any guarantees of employment. This directory is being prepared in anticipation of need following the withdrawal of Soviet forces from Afghanistan and, also, in the event your skills might be applicable in the period before that event.

Drawing on the expertise of capable and patriotic people like youself, is so important at this critical stage in the reconstruction of a free Afghanistan. Therefore, please complete the attached application and send it to:

Thomas E. Gouttierre
Director,
Center for Afghanistan Studies
The University of Nebraska at Omaha
Omaha, NE 68182-0006

If you know of any other Afghans who might be interested in working in any of these four projects, kindly write their names and addresses together with their telephone numbers in the back of the enclosed form, and mail it to us at the above address.

We are looking forward to hearing from you. If you have any questions, contact me at 402/554-2376.

Sincerely,

Thomas E. Gouttierre

NAME
ADDRESS

DEAR NAME,

Sometime back, we sent a letter asking you to fill out the attached potential employment form. We still have not received your response. We are enclosing another form in case you have misplaced the previous one.

As I said in my first letter, Afghanistan's liberation and its reconstruction after the Soviet withdrawal will require participation of qualified persons. It is my opinion that it would be even more advantageous if such qualified persons could be drawn from among patriotic Afghans like yourself at this critical juncture.

I would appreciate your filling out the form and sending it to me in the enclosed, pre-addressed, stamped envelope.

We are looking forward to hearing from you.

Sincerely,

Thomas E. Gouttierre
Director

Omaha, Nebraska 68182-0006 402/554-2376

DATE

NAME
ADDRESS

DEAR NAME,

We are happy to inform you that a good many of your compatriots have responded to our earlier letter concerning possible short- and long-term employment in AID projects for Afghanistan, during the projected reconstruction period after the Soviet withdrawal takes place. We are enclosing a list of Afghans who have responded like yourself.

Please check the list closely to help us locate others whom we have not been successful in contacting. If you know of such Afghans, please include their names on the form we have provided and return this form in the enclosed, pre-addressed, stamped envelope.

I really appreciate your interest in serving your country at this very critical stage of the liberation of Afghanistan from Soviet domination.

You will be contacted if your services are needed.

Thank you once again.

Sincerely,

Thomas E. Gouttierre

The only institutional base in the United States
specifically and exclusively concerned with Afghanistan affairs

TABLE OF CONTENTS

Introduction

The Directory of Trained Afghans was compiled by the Center for Afghanistan Studies, University of Nebraska at Omaha. This directory provides a list of those Afghans interested in working, either in on-going projects for Afghanistan and/or in the reconstruction of the country in the event of the Soviet pullout. As examples of on-going projects, there are currently humanitarian assistance projects in the areas of health, education, agriculture, and commodities funded by the US.

The Directory of Trained Afghans was prepared in different stages. Initially, a special form and a cover letter (See Appendix A) was sent to those Afghans whose names were on our mailing list. The cover letter explained the purpose of compiling the Directory and provided instruction on how to fill out the enclosed form. The addressee was also asked to write the names, addresses, and telephone numbers of other Afghans they know so they could be contacted. A self-addressed stamped envelope was enclosed with the form and the cover letter. Upon the receipt of the completed forms, additional forms were sent to those Afghans whose names and addresses had been furnished to us. Names with only telephone numbers were contacted on the phone to obtain their mailing addresses. The form and cover letter were then mailed to them.

As a next stage, a list of those who had responded was made and sent with a new cover letter thanking them for filling out the form and again asking for addresses. Those who did not respond were sent another cover letter asking them to please fill out the form. This second cover letter turned out to be effective since some who had not responded the first time sent in their completed forms and also provided us with new names. Those who had sent in their forms the first time gave us more names and addresses. This increased the number on our list. This process is continuing in that new names are constantly being added to the Directory. It is our intention to update the Directory every quarter for at least a year. There are still a good number of trained Afghans who have not yet responded. The present Directory contains the names and biodata of 149 Afghans who have shown interest in working in the on-going AID projects in Pakistan and/or in the reconstruction of Afghanistan when Soviets pull out.

The Directory has three parts and one appendix. Part One is an alphabetical list of the respondents together with the address, field of specialization, employment information (US and Afghanistan) as well as an indication of whether one desires to stay a short (a year of less) or long (more than a year) duration, and so on. Part Two is an alphabetical list according to the following fields of specialization: agriculture, education, engineering, health, natural science, political science, and social science. The fields were selected because there are at least five people within that category. The rest are listed under miscellaneous. Part Three is an alphabetical list of those Afghans whom we have contacted. Those who have responded are marked with an asterisk. The Appendix contains copies of the cover letters and the special form sent to the Afghans.

It should be pointed out also that some people sent us supporting documents regarding their education and past experiences. This additional information is kept on file at the Center for Afghanistan Studies, University of Nebraska at Omaha.

Those interested in obtaining a directory may write to: Center for Afghanistan Studies, UNO, Omaha, NE 68182.

Thomas E. Gouttierre, Director
